

Kenny Wayne Shepherd — Voodoo Child (Slight Return)

Guitar: Fender Ultra Luxe Strat · bridge / neck
Strings: .011–.058 · Pick: Dunlop heavy

● Verified — KWS published Bassman numbers (MusicRadar 2018); Tone Master Twin reissue match

● Inferred — Blues Deluxe in Vibro-King role; closest 6L6 mid-wattage Fender; back off volume short of fizz

Provenance: ● verified ● inferred ● assumed Engagement: ● always ● section Pedals drawn at 1" = 30px scale, real-world W × D footprint per spec sheets.

v5 changes: pedal silhouettes now drawn at real-world dimensions per manufacturer/Sweetwater specs — Wah 4×10" (Cry Baby standard chassis), MXR M68 2.5×4.5" (Phase 90 enclosure), Duellist V3 4.7×3.7" (Hammond 1590BB landscape), TS808 3×5" (Ibanez 10-series), HoF2 2.8×4.8". Cards bottom-aligned so the chain reads like looking down at a pedalboard — the wah genuinely towers over the MXR mini at 2.2× the depth and 1.6× the width. Knob convention: 7 o'clock → 5 o'clock sweep (300°); white indicator marks the dial position; amp knobs use 0–10 numeric (0=7 o'clock, 5=12 o'clock, 10=5 o'clock).
